

# FOOD ALLERGY AND RELIGIOUS DIETARY INFORMATION FORM

PROGRAM USE ONLY

Date Received: \_\_\_\_\_

Info forwarded to Food  
Service Department

The Food Service Department for Camp Tolochee, sponsored by the Coastal Georgia Council, BSA, is committed to ensuring that all participants have the best meals that can be provided. We understand that some participants could have food allergies and we are prepared to make adjustments to satisfy their dietary needs. Because we are committed to serving you, we are implementing this **Food Allergy and Religious Dietary Information Form**. A Scout should always be reverent, so we are also implementing this form for those participants that must follow dietary guidelines of their religious preference.

If you have any allergies to food, please complete the information requests below. This form is very important to the Food Service Department. We want everyone to have quality food and in proper proportions. In order for you to have appropriate food, we need to know if there are any allergies we need to work around. It is also very important for us to know if you have severe allergies, so that we may ensure that you do not come in contact with those particular foods or seasonings. Please take the time to provide specific information below. **Please return this completed form no later than May 15, 2017.**

This form has been designed to address food allergies and religious concerns. Because of the volume of food that will be purchased and provided, we cannot accommodate each person based upon personal likes and dislikes. Filling out this form does not in any capacity guarantee that the program will provide food for a given individual; rather it is to inform our dining food service personnel of a participant's situation. Please Note: Although we make every effort to accommodate all participant dietary needs, we cannot guarantee absolute perfection. In some cases the participant may be required to bring food items to substitute for items they are allergic to.
